

In regards to giving LPFM stations precedence over FM translators which may force K-LOVE off the air in our area:  
K-LOVE is the only Christian music radio station available in our area. It has a distinctively positive influence on myself, and on our children, which we can NOT get from the any of the local "potty-mouth" music stations. The music K-LOVE plays is up-beat, and up-lifting, and is a vital ministry to our community. Please, do NOT take this service away from us!
